

Associate Professor – Actuarial Science

The Department of Statistical Sciences in the Faculty of Arts and Science at the University of Toronto invites applications for a full-time tenure stream position in the area of Actuarial Science. The appointment will be at the rank of Associate Professor with an anticipated start date of July 1, 2023.

Applicants must have earned a PhD degree in Actuarial Science, Statistics or a related area with a clearly demonstrated outstanding record of excellence in research and teaching. We are seeking exceptional candidates with research interests in Actuarial Science, whose research and teaching interests complement and strengthen our existing departmental research areas <https://www.statistics.utoronto.ca/our-research/about-our-research>. Research topics of interest include, but are not limited to, insurance statistics, insurance data analytics, risk and loss modelling in insurance, or insurance risk management. Professional actuarial qualifications recognized by the Society of Actuaries or the Casualty Actuarial Society, and the Canadian Institute of Actuaries would be considered an important asset.

Candidates will have an established international reputation and will be expected to sustain and lead innovative and independent research at the highest international level and to maintain an outstanding, competitive, and externally funded research program. Experience working with, teaching, or mentoring diverse groups or diverse students is an asset.

Candidates must provide evidence of research excellence, which can be demonstrated by a record of publications in top-ranked and field-related journals, the submitted research statement, presentations at significant conferences, awards and accolades, other noteworthy activities that contribute to the visibility and prominence of the discipline, and strong endorsements from referees of high standing.

Evidence of excellence in teaching will be provided through teaching accomplishments, the teaching dossier submitted as part of the application including a strong teaching statement, sample course materials, and teaching evaluations, as well as strong letters of reference.

Candidates are also expected to show evidence of a commitment to equity, diversity, inclusion, and the promotion of a respectful and collegial learning and working environment demonstrated through the application materials.

FACULTY OF ARTS & SCIENCE

Salary will be commensurate with qualifications and experience.

All qualified candidates are invited to apply online at Academic Jobs Online, <https://academicjobsonline.org/ajo/jobs/22670> and must submit a cover letter; a current curriculum vitae; a research statement outlining current and future research interests; one recent publication; and a teaching dossier to include a teaching statement, sample course materials, and teaching evaluations. Equity and diversity are essential to academic excellence. We seek candidates who value diversity and whose research, teaching and service bear out our commitment to equity. Candidates therefore must submit a 1-2 page statement of contributions to equity and diversity, which might cover topics such as (but not limited to): research or teaching that incorporates a focus on underrepresented communities, the development of inclusive pedagogies, or the mentoring of students from underrepresented groups.

Applicants must also arrange to have three letters of reference (**on letterhead, dated and signed**) uploaded through Academic Jobs Online directly by the writers by the closing date.

All application materials, including signed reference letters, must be received by **November 15, 2022**.

For more information about the Department of Statistical Sciences, please visit our website at <https://www.statistics.utoronto.ca> or contact Katrina Mintis at katrina.mintis@utoronto.ca.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

Diversity Statement

The University of Toronto is strongly committed to diversity within its community and especially welcomes applications from racialized persons / persons of colour, women, Indigenous / Aboriginal People of North America, persons with disabilities, LGBTQ2S+ persons, and others who may contribute to the further diversification of ideas.

Accessibility Statement

The University strives to be an equitable and inclusive community, and proactively seeks to increase diversity among its community members. Our values regarding equity and diversity are linked with our unwavering commitment to excellence in the pursuit of our academic mission.

The University is committed to the principles of the Accessibility for Ontarians with Disabilities Act (AODA). As such, we strive to make our recruitment, assessment and selection processes as accessible as possible and provide accommodations as required for applicants with disabilities.
