Emergency Posting

FACULTY OF ARTS & SCIENCE

Teaching Assistant – CUPE 3902, Unit 1

January 1, 2023 - April 30, 2023

STA130H1S - L0101, An Introduction to Statistical Reasoning and Data Science
This course, intended for students considering a program in Statistical Sciences, discusses the crucial role played by statistical reasoning in solving challenging problems from natural science, social science, technology, health care, and public policy, using a combination of logical thinking, mathematics, computer simulation, and oral and written discussion and analysis.

Qualifications
Graduate student with a strong background in statistics, as well as excellent communication and writing skills, and the ability to interact well with undergraduate students. Senior undergraduate students (third and fourth year) with a strong background in statistics and exemplary communication skills may also be considered.

Relevant Criterion
The need to acquire experience is the more relevant criterion than previous experience in respect of this posted position.

Duties
Duties are in person unless otherwise indicated and will include any or all of the following: attending lectures, running tutorial sessions, facilitating and evaluating student engagement on online discussion boards, participating in training sessions, meeting with the instructors, holding office hours, grading student homework including written reports, and assisting with the grading of tests and exams.

Duties of this position shall be performed at the campus on which the position is located.

Instructor: Dr. Joseph Speagle
