Expected Expenses

The Financial Need Assessment section serves to calculate your expected resources and expenses for the upcoming academic year. The amounts in Column C will need to be calculated based on the number of months (8 or 12) for which you will be registered in the upcoming academic year.

Financial need is normally demonstrated when a negative balance appears in the "TOTAL AVAILABLE RESOURCES" field on page 2 of the application (e.g., "Total Expected Expenses" is higher than "Total Expected Resources"). Showing a large positive balance in the "TOTAL AVAILABLE RESOURCES" field is not typically considered a demonstration of financial need, unless extenuating circumstances are also reported (additional page for explanation may be submitted).

Living Expenses

Choose which living situation applies to you (no housing costs or with housing costs) and fill in the appropriate information.

Example #1: A single student who will be registered for 12 months, does not have children and is living in his/her parent's home should:

- Choose "Single/Separated/Divorced" under the category "Living Expenses (no housing costs)"
- Calculate the amount for Column C (\$550 x 12 = \$6,600)

Example #2: A student who will be registered for 12 months, has a partner and 2 children under the age of 12 paying rent should:

- Choose "Partnered" under the category "Living Expenses (with housing costs)"
- Calculate the amount for Column C (\$2,449 x 12 = \$29,388)
- Enter "2" under "Number of dependents aged 0-12" to account for the **two** children
- Enter "2" in Column A "\$577 x
- Calculate the amount for Column C (\$577 x 2 = \$1,154, \$1,154 x 12 = \$13,848)

Tuition & Other Fees

As tuition for the upcoming year will not be posted until July, enter your fees for the current academic year as an estimate. The total cost of tuition and other fees for most full-time domestic graduate students in the academic year 2018-2019 is \$8,489.52

Review the Tuition Fees Schedules at http://www.fees.utoronto.ca for detailed information.

Books & Academic Supplies

Include the total cost of books, photocopying, supplies, equipment, thesis binding, etc for the upcoming year. Provide **reasonable** academic related expenses.

Debt Servicing

If you will be paying monthly payments on loans/credit card while you are a student (mortgage payments are typically ineligible as an expense):

- Calculate 50% of your minimum monthly payments
- Enter the total amount into Column A (up to a max. of \$250/month)
- Enter 8 months or 12 months in Column B
- Calculate the amount for Column C ("A" x "B" = "C")

Supporting documentation must be submitted.

Medical/Dental

Annual fees for the University of Toronto Graduate Students Union (UTGSU) Health Plan or the University Health Insurance Plan (UHIP) are automatically included within students' annual tuition fees.

In this field, include Medical & Dental Costs that are not covered by OHIP's, UTSGU's or UHIP's health plans. Supporting documentation must be submitted.

Food, Household Supplies, Clothing, Transportation, Cell & Internet

These costs are already calculated and included within the "Monthly Allowable Amounts" in Column A. The "Monthly Allowable Amounts" are based on provincially determined (OSAP) allowable claims.

Other

Include other necessary expenses you expect to incur (e.g. flying home to see parents, additional fees for GO Train commute). Supporting documentation (e.g. receipts from current year) must be provided for each item or the amount(s) will be automatically removed from consideration.

If you are planning to apply for government student loans (e.g., Ontario Student Assistance Program) for the upcoming academic year and received the loan for the current academic year, enter the current year's amount as your estimate for the upcoming year and provide a copy of your current year's Notice of Assessment with your application.

If you did not receive government student loans this year and are planning to apply for the upcoming academic year, enter the amount from the online OSAP Aid Estimator and submit a print-out or equivalent with your application.

If you did not receive UTAPS this year and are planning to apply for the upcoming academic year, enter the amount from the online UTAPS Online Estimator and submit a print-out or equivalent with your application.

A look-up table on basic child support payments can be found through the Ministry of the Attorney General's website.

Income assistance services can be found through the Government of Canada's website. Various Ontario benefits also fit in this category.

Available student line-of-credit / bank loan

Only include the amount currently available to you through your student line-of-credit or bank loan.

Accessible savings

Only include the total amount of savings you currently have access to (i.e.: money that you could withdraw today, that is not locked into an investment). Include any RESP funds that you expect to withdraw to fund your education for the upcoming year.
