Overriding Guidelines/Principles:

- It is both the claimant’s and approver’s responsibility to ensure that the expenses have been incurred for legitimate university business purposes, as well as reasonable and appropriate for the business activity undertaken.
- The individual who personally incurred the out-of-pocket expense will be reimbursed.
- The claim meets the terms and conditions imposed by the funding source from which they are paid; UofT policy, divisional/departmental policy or granting agency guidelines, whichever imposes the greater restrictions.
- Supported by original, itemized receipts from suppliers (Exception: kilometrage or allowance per diem claims). Ensure receipts in foreign languages are translated, with any necessary clarifications.
- Additional Support: If proof of payment is not indicated on the original receipt, a copy of credit card statement may be required (e.g., Airfare, Conference Registration fees). Note, items not relevant to the claim can be blacked out for privacy.

## Expense Reimbursement Checklist (Template)

### POLICY

#### AIR FARE

The standard class of service is the **least expensive economy class fare**.

All other **business class and premium economy travel may be permitted** (e.g., flights in excess of 6 hours, or for medical reasons), if pre-authorized by the principal, dean, director or senior executive to whom the traveller reports.

The claimant is responsible for providing the necessary proof of air travel.

When personal travel is combined with business travel, the employee will be reimbursed for **only the business portion of the trip at the lowest available fare**.

It is strongly recommended that it is brought to the attention of the approver **prior** to booking the travel.

Flight cancellation insurance purchased for low cost discounted air tickets is an allowable expense.

#### ACCOMMODATIONS

The standard is a single room with a private bath in a business class hotel.

**Partner Travel Accomodations**

If a partner accompanies the traveller, the amount to be claimed by the traveller should only be the most economical room rate for a single occupant — **any excess room charges to accommodate the partner are not allowable**.

#### MEALS

A per diem allowance may be claimed in lieu of actual meal costs.

The meal per diem allowance is not available where meals are included as part of another reimbursable item (e.g., transportation charge, conference fees). The standard for meals is a restaurant in a business class hotel or other of equivalent quality.

#### TRANSPORTATION

The standard for vehicle rental is a midsize car. Vehicle rental is a reasonable method of transportation for round trips **up to 500km**.

When the Corporate Travel and Hospitality Card is not used, the purchase of CDW is an allowable expense for domestic rentals. For rentals outside North America, both CDW and Liability insurance should be purchased.

A personally owned vehicle may be used for trips **up to 500km** round trip. Claim will be limited to the equivalent least expensive mode of transportation to and from that destination.

**Transportation between campuses**, which is not part of the employment contract or arrangement, may be claimed for reimbursement. An exception applies if the claimant regularly drives to work, and now has to drive to another campus that is on route to their home campus then they would not be reimbursed for their mileage. No reimbursement can be made for travel to and from an employee’s residence and normal place of business.

Taxi expenses incurred as a result of UofT business is permissible and reimbursable.

#### HOSPITALITY

Business entertainment of non-University employees should be limited to the cost of meals and beverages provided in a hotel dining room or restaurant of an equivalent quality.

Entertainment of a different variety (e.g., athletic events, theatre productions) **require prior approval** of the department head.

If alcohol is provided, moderate consumption and price point is the standard.

⚠️ **For regular in-house meetings** between University employees, **no alcohol is permitted**.

Any U of T employee hosting a business lunch, dinner or other entertainment event should **limit the number of University employees and other participants attending to only those who can be expected to contribute directly** to the accomplishment of the business purpose.

Normally the cost of entertaining fellow University employees is not reimbursable **except in unusual/special circumstances** (e.g., time limitation (extended work day), holiday/retirement parties).
